सब गुणज्ञ पण्डित सब ज्ञानी । सब कृतज्ञ नहिं कपट सयानी ।।

परिचय

'मानव सेवा ही प्रभु सेवा' इस महामंत्र के द्वारा वर्षों से अपने ज्ञान का दीप जन–जन के मानस में जलाकर ज्ञान दान ही श्रेष्ठ दान की उक्ति को चरितार्थ कर रही है ।

ज्ञान के बिना एक साधारण इंसान की उन्नती नहीं हो सकती । ज्ञान ही वो सागर है जहाँ हम अपने आपको उच्चशिखर की ओर ले जाने की दिशा प्रेरित करते हैं । ज्ञान के कारण ही हम अपने अंदर छुपी निम्न कोटि (छुद्र) विचार धाराओं को दूर करने में सफलता प्राप्त करते हैं । ज्ञान के कारण ही अच्छे, सुसंस्कृत और सभ्य समाज का निर्माण होता है । इसलिये शिक्षा क्षेत्र में छात्रों का सर्वांगीण विकास करने के लिये हम उन्हें एक नई दिशा के साथ ऐसा अवसर प्रदान करते हैं जिससे वे अपनी योग्यताओं की पहचान कर सकें । और अपने व्यक्तित्व का विकास कर सकें ।

इसलिये, हमने **समाज सेवा करने के मुख्य उद्देश्य से** इस शिक्षा जागरण को मुंबई व थाना उपनगर के विद्यार्थियों में अच्छी से अच्छी शिक्षा व हुनर उपलब्ध कराकर जन–जन तक पहुँचाने का संकल्प लिया । और हमने अपने परम पुज्य गुरुदेव की कृपा एवं इष्ट मित्रों के सहयोग से हमने १ मई १९९४ महाराष्ट्र दिन के रोज कच्छी आई.टी.आई. की स्थापना की । और आपलोगों की कृपा और सहयोग से हमारी संस्था ने **३१ साल पुरा करके ३२ वें साल में कामयाब मिसाल कायम किया है** । यह इन्स्टिटच्यूट आय.टी.ई.एस. वोकेशनल ऑन्ड इन्जिनियरिंग एक्जाम बोर्ड द्वारा प्रमाणित है और आय.एस.ओ. ९००१:२०१५ से मान्यता प्राप्त है । **MKCL** ऑथोराइज्ड ट्रेनिंग सेंटर ।

हम इस बात के लिये जागरुक करते हैं कि हमारे संस्था के क्षात्रों का सर्वांगिण विकास हो सके । आज हर क्षेत्र में व्यक्ति को विभिन्न चुनौतियों का सामना करना पड़ रहा है । आज के चुनौती भरे माहौल में सफल जीनव जीने के लिये अपने विद्यार्थियों को नये से नये टेक्निकल कोर्सेस का प्रबंध करते है । और उनकी इस पर तैयारी कराते हैं । हमारी संस्था द्वारा विद्यार्थियों को टेक्निकल ज्ञान के साथ-साथ केन्द्र सरकार से सुशिक्षीत बेरोज़गार लोगों के लिए मिलनेवाली अलग अलग सुविधाओं का लाभ व अन्य प्रतियोगिताओं में भाग दिलाकर उन्हें भावी जीवन के लिये तैयार करते हैं । इस संस्था से १०००० से भी ज्यादा विद्यार्थियों ने अपने देश में ही नहीं बल्कि विदेशों में भी अपना और इस संस्था का नाम रौशन किया है ।

यह सब कुछ हमारे गुरुदेव एवं परम मित्रों व शिक्षकगण के सहयोग से ही संभव हो पाता है । जो समय-समय पर हमारा मनोबल बढाते हैं और नई-नई दिशाओं को उजागर कर तथा विद्यार्थियों को लाभान्वित करने के लिये प्रेरित करते हैं ।

इस संस्था द्वारा लगाया गया ज्ञान का वृक्ष आगे चलकर और उन्नती करेगा इसमें कोई संकोच नहीं । हम संपत्ती की सुरक्षा करते हैं लेकिन ज्ञान हमारी सुरक्षा करता है । हम आशा करते हैं कि आप हमारे इस नैतिक कार्य में यथा योग्य सहयोग कर हमारी संस्था को आगे बढ़ाने के लिये हमें प्रोत्साहित करेंगे ।

Introduction

Serving Man is like serving God. The power of knowledge is passed from generation to another generation.

Without knowledge a man can never grow. Through Knowledge only one can reach his goal easily and fulfill his dream. Knowledge is the only way through which one will come to know about his own power.

A knowledgeable man is capable of passing through bad time easily, and is successful in clearing all the hurdles which comes in his way.

Knowledge plays a key role in founding a good and sophisticated society having responsible citizens.

Therefore, for the all-round development of the students in the field of education, we provide them such an opportunity with a new direction so that they can identify their abilities and develop their personality.

Therefore, with the main objective of social service, we have resolved to take this education awareness to the masses by providing the best education and skills to the students of Mumbai and Thane suburbs. And with the blessing of God the Almighty, our spiritual teachers, and the help of our beloved Well Wishers on 1st May 1994 we have established Kutchi I.T.I. And with your help and support after completing 31 years, entering in the 32nd year, a successful example has been set. We are certified by the institute of I.T.E.S Vocational and Engineering Examination Board and is ISO 9001:2015 certified and MKCL Authorised Training Center.

We give full assurance that in our institute the students will come to know about the competitive world and how to get success in it. We will also teach them technical course through which they will be able to live successfully in this competitive world.

In our institution, along with technical knowledge, we prepare students for future life by taking advantage of different facilities available for unemployed people from the central government and participating in other competitions.

Thousands of students from this institution have brought laurels to themselves and the institution, not only in their own country but also abroad.

All this is possible only with the co-operation of our Lord, well wishers and teachers, who from time to time raise our morale and by uncovering new directions and motivating the students towards benefit.

The tree of knowledge planted by this institution will progress further and there is no doubt in it. We protect property but knowledge protects us. We hope that you will encourage us to take forward our organization by cooperating with us in this ethical work.

INDIAN TECHNICAL INSTITUTE · MAH/652/1994 · जय हिन्द

Our Mission

Kutchi I.T.I., was established in the year 1994. In a span of 31 years it has become one of the premiere training Institute in IT Hardware, Networking, Multimedia, Financial Accounting & Software technologies and has been ranked upon as one of the top training institute of Mumbra attracting some of the best talents of the area looking for career in IT.

Syllabus of the Institute offered courses are essentially dynamic one. It is continuously reviewed keeping in mind the new emerging technology, invention happening globally at every quarter of the year.

A blend of theoretical exercise and real life project oriented training or field training aided by exposure on the latest technology & products ensures that the students develops the knowledge that is required for today and futuristic technologies.

We want to bridge the gap between what software industry wants from IT professionals and what is being taught in the conventional institutes.

Our Institute is solely focusing on technology and trends that are highly in demand so when a student completes our course, they won't have to wait for a job, the employers will come and find them. We teach the insights of the technology that is highly in demand through our experienced programmers cum faculty members.

Teamwork :

Teamwork is essential for competing in today's global arena, where individual perfection is not as desirable as a high level of collective performance. In knowledge based enterprises, teams are the norm rather than the exception. A critical feature of these teams is that they have a significant degree of empowerment, or decision-making authority.

TEAMWORK

Effective teamwork leads to better output quality and enhanced satisfaction. In order to attain this effective teamwork, there must be recognized, and considered, more ideas from more people. This leads to better and more creative decisions. If the company is growing and prospering, then obviously the teamwork is meeting all the marks and the performance is improving. If, however, the company is stagnating or losing ground, there is something seriously amiss with the team as a whole as well as the team process and performance.

At Kutchi I.T.I. we work as a 'Strong Team' under the leadership of Mr. Abbas D. M., the Managing director who is a guide for all of us.

The only reason of success of Kutchi I.T.I. is the focused vision that is being achieved through Teamwork.

Our Vision :

Looking at the Today's media industry where there are many professions, one needs to be very focused and choosy about his/her respective fields. As in media there are also many streams like Journalism, Film Making, Event Management, Advertising, Graphics and Designing, Animation etc... It will totally depends upon your area of interest that to which field one wants to go. We here at Kutchi I.T.I. are not just running an Institute, but we are fulfilling the responsibilities towards the society by giving them hardcore media professionals to work in the Indian media industry.

Vision

It's not like other institutes where they give education to students in return of money. But we believe in providing the best and unparallel quality of education to our students. It's not just a running institute of professional studies but it's the group of finest and best professional faculty in the industry. We believe to provide best things to our students with reasonable fees. Every foundation has a motive and thought behind its working so as we do.

At Kutchi I.T.I. we believe in not making professional for the media industry. We don't want to add more peoples to existing crowd in the industry, but we believe in preparing legends for the industry that can work and perform well and can leave a track for others to follow. At Kutchi I.T.I. we will assure you that you will be in safe hands and as the professional faculty appointed by us assure your care, knowledge, discipline etc. "Highly creative training and Individual Approach Guarantee" are the two pillars which hold the building of our Vision. And no doubts that these two pillars are the main reasons behind the lavish success of the institute.

Goals · Growth · Success · Creativity · Future · Innovation

Now onwards you are a Computer Engineer !

Module 1
★ Introduction to Computer
★ **MS-Office** - Contents From Course No. 1
★ **Advanced Excel** - Contents From Course No. 2
★ **Advanced Account Tally** - Contents From Course No. 10
★ **DTP** - Contents From Course No. 4
★ **Web Designing** - Contents From Course No. 9
★ **Programming** Front End / Back End - Contents From Course No. 24
★ C, C++ or VB or C# (Front-End Optional)
★ My SQL or SQL Server 2008 (Back-End Optional)
★ **Linux Operating System** Course No. 38
★ Understanding LAN
★ Understanding Internet & E-Commerce
★ Multimedia - Audio & Video Recording / Editing / Mixing
★ Utilities like PC Tools, Virus & Anti-virus

MODULE 2 & 3 (Hardware & Networking)

A - Desktop Hardware
★ Digital Electronics
★ Binary Numbers
★ Fundamental of Computer
★ Power Supply (SMPS)
★ Motherboard / Chipset

★ Processor (CPU)
★ Memory
★ BIOS
★ Hard Disk
★ Optical Drives
★ Other Peripherals

B - Operating System Administration
★ Deployment of Windows Client OS / Server OS / Linux OS
★ Repairing Windows Operating System
★ Reinstallation of Operating System
★ Installation of Applications
★ Uninstallation of Applications
★ OS Hardening & OS Error Troubleshooting
★ User / Group Management
★ Hardware Management
★ Drivers Deployment and Identification

C - Management
★ User / Group Management
★ Hardware Management
★ Drivers Deployment and Identification
★ Peripheral's Drivers, Applications Installations
★ User Data Management (Permissions and Logins)
★ Hardware, OS, Application known issues and Troubleshooting

D - Fundamental Networking
★ Basics of Networking, Networking components, Types of Network
★ Networking Hardware (Crimping, Croaning, Switching, Dressing)
★ Logical Networking (IP Addressing, Routing, Packet Transmission)
★ Networking Traffic Flow & Troubleshooting

Module 4
★ .Net OR Core Java OR Python   Contents from Course No. 18, 20 & 22
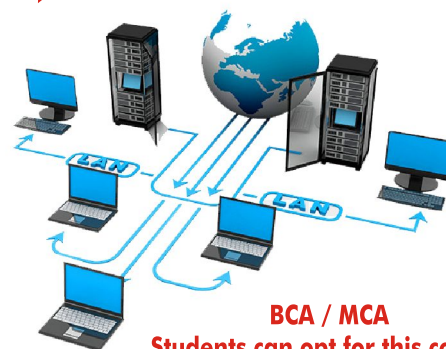

BCA / MCA
Students can opt for this course.
This course will assist the students in their practicals and upgrade their skills.
You can become All-rounder in IT-Field

MASTER DIPLOMA IN ADVANCED .NET

9 Months
Fees : Rs. 20,000/-

Microsoft .NET™

MODULE 1
★ HTML ★ CSS3 ★ JAVASCRIPT

MODULE 2
★ Overview of the Microsoft .NET Platform
★ Introduction to the .NET Platform
★ Overview of the NET Framework
★ Overview of C# ★ Using Value-Type Variables
★ Statements and Exceptions ★ Methods and Parameters
★ Arrays ★ Essentials of Object-Oriented Programming
★ Using Reference-Type Variables
★ Creating and Destroying Objects ★ Inheritance in C#
★ Aggregation, Namespaces and Advanced Scope
★ Operators and Events

MODULE 3 - MVC
★ Overview of MVC Architecture ★ MVC Folder Structure
★ Routing in ASP.NET MVC ★ Area in ASP.NET MVC
★ **Create HTML Controls in MVC**
★ What is HTML Helper? ★ Create Textbox
★ Create CheckBox ★ Create DropDownList
★ Create Hidden field ★ Create Password field
★ **Model, View, & Controller**
★ Controllers in ASP.NET MVC ★ Action methods in Controller
★ Action Selector Attributes ★ HttpGet, HttpPost, HttpPut
★ Model in MVC ★ View in MVC ★ Razor View Syntax
★ Integrate MVC ★ Binding Model to View and Controller

MODULE 4 - .NET CORE
★ Basics ★ Create ASP.NET Core Web Application
★ ASP.NET Core Project's Folder Structure
★ wwwroot Folder ★ Setup Host in Program.cs File
★ Importance of Startup.cs File
★ **ASP.NET Core Middleware**
★ Dependency Injections in ASP.NET Core
★ Built-in IoC Container in ASP.NET Core
★ Working with Middleware in ASP.NET Core
★ How to Add Custom Middlewares in ASP.NET Core Application
★ Serving Static Files in ASP.NET Core
★ Serving Static Files From Any Folder in ASP.NET Core
★ **.NET Advanced Topics**
★ Exception Handling in ASP.NET Core
★ .NET Core Application Types

After completion of the course student will have to create demo project, get live project certificate & internship experience

MODULE 5 - FRAMEWORK
★ DATABASE - SQL SERVER

20

MASTER DIPLOMA IN MERN STACK DEVELOPMENT

9 Months
Fees : Rs. 20,000/-

NODE JS
★ Getting Started
★ Basics & Built-ins
★ Node.js Package Manager
★ Asyhnchronous Work
★ Manipulating Files
★ Command Line
★ Node.js Web Server
★ JavaScript built-ins
★ Node.js Modules
★ Node.js & World

REACT JS
★ Hello World
★ Introducing JSX
★ Rendering Elements
★ Components and Props
★ State and Lifecycle
★ Handling Events
★ Conditional Rendering
★ Lists and Keys
★ Forms
★ Lifting State Up
★ Composition vs Inheritance
★ Thinking In React

Express JS
★ Installing
★ Hello world
★ Express generator
★ Basic routing
★ Static files

Mongo DB
★ Data modelling
★ Create Database
★ Drop Database
★ Create collection
★ Drop Collection
★ Data Types
★ Insert Document
★ Query Document
★ Update Document
★ Delete Document
★ Projection
★ Limiting Records
★ Sorting Records
★ Indexing
★ Aggregation
★ Replication
★ Sharding
★ Create Backup
★ Deployment

21

DIPLOMA IN PYTHON TECHNOLOGY

CORE PYTHON
ADV. PYTHON
FRM. DJANGO

6 Months
Fees : Rs. 20,000/-

★ Overview
★ Environment Setup
★ Basic Syntax
★ Variable Types
★ Basic Operators
★ Decision Making
★ Loops ★ Numbers ★ Strings
★ Lists ★ Tuples ★ Dictionary
★ Date & Time ★ Functions
★ Modules ★ Files I/O
★ Exceptions ★ Classes/Objects

You can become a Python Programmer.

★ Reg Expressions
★ CGI Programming
★ Database Access
★ Networking ★ Sending Email
★ Multithreading ★ XML Processing
★ GUI Programming
★ Further Extensions
★ Python Useful Resources
★ Live Projects ★ Quick Guide
★ Questions and Answers

DIPLOMA IN ADVANCED DATA STRUCTURES & ALGORITHMS (DSA)

(25)

6 Months
Fees : Rs. 8,999/-

Data Structures (I)
★ Stack
★ Queue
★ Types of Queue
★ Circular Queue
★ Priority Queue
★ Deque

Data Structures (II)
★ Linked List
★ Linked List Operations
★ Types of Linked List
★ Hash Table
★ Heap Data Structure
★ Fibonacci Heap
★ Decrease Key / Delete node
  from Fibonacci Heap

ALGORITHMS
★ Brute Force Algorithm
★ Recursive Algorithm
★ Backtracking Algorithm   ★ Searching Algorithm
★ Sorting Algorithm   ★ Hashing Algorithm
★ Dividing & Conquer Algorithm
★ Greedy Algorithm   ★ Randomized Algorithm
★ Dynamic Programming Algorithm

**After completion of the course student
will have to create demo project, get live
